Spring 1

## This Week

The last few weeks have been busy. We have continued to look at different fruits and vegetables focusing on where they are grown, what makes them a fruit or vegetable and we have even had the opportunity to grow some cress seeds. We have been learning about number bonds to 10 in maths. The children know these are two numbers (special friends), when added together make 10. I wonder if your child can remember any of these?

### This half term

'Are carrots orange?' is our new topic for this half term.

Possible lines of enquiry:

- food
- recipes and cooking
- healthy eating
- the benefits of exercise
- origins of different food

### Reading records

Well done to all of the children that have been reading at home.

25 reads

### Special Events/Activities/News

Next Friday is number day. The theme this year is 'rock stars'. Get creative and dress your child up as a rock star!

Please, continue to add to Tapestry. I love seeing the posts.

### Reminders

Please make sure all of your children's clothing and belongings are clearly named. Whilst the weather is bitterly cold the children are wearing their hats, gloves and scarves and it makes it much easier for us and the children to locate any misplaced items!

Please continue to read at home with your children. It really does make a difference.
